

CLASSROOM Connect

ISSUE 11 | NOVEMBER 2025

Bringing the Season to Life in Your School

This season is filled with creativity and learning as classrooms prepare for upcoming celebrations. In November our focus is on wellness, learning, and meaningful ways to celebrate the season with students. From health and history to reading and writing, our materials inspire curiosity and reflection.

We are also featuring the integration of the Educator Plus Poster Printer with the Cut Out Studio as our application of the month. This large-format cutter works seamlessly with the printer to give schools the ability to create adhesive vinyl signage, magnets, stickers, iron-on transfers, big heads, and more. It's a great tool for displays, spirit days, and classroom projects. Let us help you bring the holiday energy into your school. Call us today to learn how we can support your goals.

PARTNER SPOTLIGHT

RANGER ELEMENTARY
RANGER, WV

Bringing Learning to Life

Ranger Elementary is turning printing into play and connection. With their Educator Plus Poster Printer, they created a life-size Snakes & Ladders game that gets students moving and learning. It rolls up for easy storage and comes out for rainy days, family nights, and math review.

They also designed a hallway mural that grows as students add their handprints, creating a lasting symbol of community and pride. These projects show how printing can boost wellness, creativity, and school spirit.

TECH SPOTLIGHT

A Season of Positivity

As we head into the holidays, one of our partner schools is bringing back a project that was a big hit last year. Using the Educator Plus Poster Printer with the Cut Out Studio, students created festive stickers with messages like "It would be a blue Christmas without you" and "Respect," reinforcing their positive behavior goals in a fun, creative way.

The project wrapped up with a schoolwide hot chocolate party filled with laughter and appreciation. It was such a success that they are bringing it back this year to continue spreading kindness and togetherness. Want to try something like this at your school? Reach out and we'll help you get started.

INNOVATION SPOTLIGHT

Building Classroom Harmony

November is the perfect time to focus on balance, gratitude, and a positive classroom environment. The EmpowR Academy “Classroom Harmony” module helps educators do just that. It offers practical strategies and technology tools that promote positive behavior, balance, and connection in the classroom.

If you are an EmpowR Academy partner, be sure to take advantage of this virtual training. It’s a great way to explore real examples and learn how to bring calm and structure to your classroom before the busy holiday season. With holidays like Veterans Day, Thanksgiving, and school celebrations ahead, now is the time to support your students and staff with fresh ideas that build community and engagement.

Want to learn more about this module or others in EmpowR Academy? Call us to find out how you can use these powerful tools to keep your classrooms focused, inspired, and ready for the season.

AGC NEWS

Teacher Resources

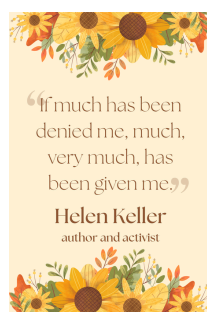

This month’s resources help teachers build on themes of wellness, gratitude, and cultural appreciation.

- Nutrition – healthy habits and smart food choices
- Gratitude – simple ways to show thankfulness
- Native American Heritage – celebrating culture and history

Use these quick activities and charts to build learning and connection in your classroom. Download at <https://www.agceducation.com/monthly-templates/>
